A CAMPAIGN of DISTORTION And DELIBERATE FALSEHOODS

OPPONENTS TO THE REPEAL OF THE FULL CREW LAW ARE UNDERTAKING TO MISLEAD THE PEOPLE OF ARKANSAS WITH A CAMPAIGN OF MISREPRESENTATION ...

1. GOVERNOR FAUBUS MISQUOTED

The opposition's ad with Governor Faubus' picture misquoted him as opposing Initiated Act No. 1. Governor Faubus has refuted this claim with this statement:

"The ad . . . contains a picture of me signing a petition presented by Mr. S. J. Smith of Fordyce. I signed the petition circulated by Mr. Smith to place an act on the ballot to be voted on at the general election. Since that time this act was removed from the ballot by action of the Supreme Court, leaving only Initiated Act No. 1 to be voted on by the People.

"I have not made any statement relative to this matter of the Fulls Crew Law. It is a matter for consideration by the voters of the State and the proposition should be decided on its merits.

The same trains operate in all states bordering Arkansas without the extra "law" brakeman but with EQUAL SAFETY.

3. RAILROAD EARNINGS

Everyone knows the railroad industry is in grave financial circumstances and is on the brink of economic disaster. Many railroads would be in bankruptcy today except for temporary relief granted by the last session of Congress.

4. RAILROAD SALARIES

The opposition has advertised executive salaries that are grossly inflated and false. They have even included the name and alleged salary of one former railroad president who has been dead for two

5. RAILROAD PAYROLLS

The charge that railroad employment in Arkansas would be cut is false. The railroads have had to lay off many hundreds of needed employees in Arkansas (such as trackmen, shopmen, clerks, etc.) in order to pay railroad featherbedders now required by **Arkansas** antiquated law.

It's an old campaign trick to mislead and confuse when the facts are against a condidate or an issue . . . BUT the people of Arkansos will not be misled!

IT IS UNFAIR TO FORCE ANY EMPLOYER TO HIRE AND PAY MEN WHO DO NO WORK AND ARE NOT NEEDED!

FAU BUS

FRIEND OF THE WORKING MAN

FAUBUS SIDES WITH UNION

5. J. Smith, right, a railroad breakman from Pine Bluff, watches in Jaycee Park at Fordyce yesterday as Goy. Oryal Faubus, left, signs Smith's Brotherhoood of Railroad Trainmen petition seeking to put the "train crew" amendment to the State Constitution on the ballot this year. The amendment would make it unconstitutional for a train of 20 cars or more to move in Arkansas without a full crew. Faubus also signed Smith's constitution petition requiring railroads to place safety equipment at all crossings.

ELECT

ORVAL E. FAUBUS

GOVERNOR

— Pol. Ady, paid for by Arnold Sikes

The Arkansas Committee for Railroad Safety appreciates Covernor Faubus' stand against the attempt of outsiders to "use" the state of Arkansas. The Eastern railroad interests are trying to bleed Arkansas of \$3,000,000 a year more profits at the expense of safety and service. They will eliminate thousands of jobs and force more of our people to leave the state. They will cause death and injury to Arkansas citizens. These outside interests have callously engaged in a "brainwashing" campaign. They want to repeal our safety laws, cause unemployment, and force more people to leave Arkansas. . . . And none of this will reduce the cost of living or freight rates.

HOW MUCH MORE CAN ARKARSAS GIVE?

All the Rairoads Want is EVERYTHING BLOOD and MONEY, Too!

SCHOOL

The railroads don't pay sales taxes on the millions of dollars worth of equipment they buy for their operations in Arkansas. They have repeatedly obtained lower assessments on their vast properties in Arkansas. This is a transfusion for the pocketbooks of the Eastern owners — but it's taking the life's blood from our Arkansas education funds . . . Now they want to create unemployment, with the inevitable loss in tax income to Arkansas teachers. Are the railroads going to make up this difference in loss to our education funds? Of course not. All they want is more profits.

 Have your freight rates been lowered? Have you ever received a refund from the railroads? Have they promised future rebates. No. Now, they want to reduce Arkansas payrolls. This will hit your pocketbook. They want another transfusion from Arkansas business men. Isn't \$44,151,353 net (1957) enough?

CIVIC LEADERS . . . The railroads have repeatedly cut your service until now few Arkansas cities have adequate passenger service. Hundreds of cities have none at all. Yet the railroads' profits have continued to climb. Last year, they took \$44,151,353 in profits out of Arkansas. Now they are asking for another \$3,000,000 a year transfusion in a cash dividend from Arkansas payrolls. How much more can you give?

 ● ● How will more profits for the Eastern railroad interests cut your cost of living? It's a silly question, isn't it? Yet this is what the Eastern railroad interests have been suggesting in their advertisements. Just one more pint of blood from the Arkansas economy.

WORKING PEOPLE . . The Eastern railroad interests have launched a campaign of lies and propaganda against the working people of Arkansas. Their purposes to bluff you into giving one more pint of blood to the out-of-state bankers. They accuse devoted railroad employes of featherbedding. They say our safety laws are un-American. They insult the intelligence of all citizens in their attempt to repeal the only railroad safety laws the state has — just for the sake of more profits for the out of state owners.

MR. LABOR BOSS:

WHAT ARE YOU TRYING TO DO TO ARKANSAS!

Don't You Know That You Can't Fool The People Into Believing That Governor Faubus Has Teamed Up With DAISY BATES
And The ARKANSAS GAZETTE

Mr. Labor Boss, You Say That Governor Faubus Has Endorsed Your Fight Against Initiated Act No. 1...

GOVERNOR FAUBUS SAYS HE HAS NOT

This Is His Official Public Statement Of Oct. 31, 1958

"The ad (of the opponents to Repeal of the Full Crew Law) contains a picture of me signing a petition presented by Mr. S. J. Smith of Fordyce. I signed the petition circulated by Mr. Smith to place an act on the ballot to be voted on at the General Election. Since that time the act was removed from the ballot by action of the Supreme Court, leaving only Iniated Act. No. 1 to be voted on by the people.

"I have not made any statement relative to this matter of the full crew law. It is a matter for consideration by the voters of the state, and the proposition should be dedicated on its merits."

DAISY BATES' PAPER SAYS ". . It is our opinion that the Initiated Act No. 1 should not be approved. Therefore, we are going to vote against Initiated Act No. 1."

—from editorials, THE STATE
PRESS (published by Daisy and
L. C. Bates)

Issue of Friday, October 31, 1958

THE ARKANSAS GAZETTE SAYS

The Full Crew Law

"... The unions contend that in addition to their safety features the full crew laws are necessary to protect the jobs of railroad men. The railroad management contend that the laws require more men than are needed, and run up operating expenses which must be passed on to the public. In our own view this is a technical question on which the public is not qualified to pass, and is typical of the sort of issue that should not be referred to public vote. To leave the matter to settlement where it should be—by the legislature—vote AGAINST Initiated Act No. 1."

—Front page editorial,
ARKANSAS GAZETTE
Issue of November 2, 1958

IN OTHER WORDS, THE GAZETTE DOESN'T THINK THE YOT-ERS OF ARKANSAS ARE INTELLIGENT ENOUGH TO PASS ON THIS IMPORTANT QUESTION;

...AND MR. LABOR BOSS, THE RANK-AND-FILE <u>UNION</u> MEMBER
IS NOT EVEN WITH YOU IN THIS DESPERATE ATTEMPT TO CONFUSE THE VOTERS

Here's What A Long-Time Union Railroad Engineer Has To Say:

"I've been opposed to the full crew law ever since I found out Arkansas had one! We don't need the extra brakeman. He doesn't contribute anything to the safety of a train's operation. We can operate just as well—and certainly as safely—with two as with

"The extra brokeman doesn't do anything. He just rides, sometimes in the engine, sometimes in the cabaose. My run is from Little Rock to Manroe, Louisiana, and I see the law man get off as soon as we get to the Louisiana border. The train keeps going—iust as efficiently and just as safely.
